195 Clarksville Road
Princeton Junction, New Jersey
(Address of principal executive offices)

08550

(Zip Code)

Registrant's telephone number, including area code: (609) 716-4000

#### **Not Applicable**

(Former name or former address, if changed since last report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (see General Instruction A.2 below):

- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- o Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d 2(b))
- o Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

#### Item 2.02. Results of Operations and Financial Condition

On March 12, 2018, Mistras Group, Inc. (the "Company," "we" or "us") issued a press release announcing the financial results for our fourth quarter and year ended December 31, 2017. A copy of the press release is attached as Exhibit 99.1 to this report.

#### **Disclosure of Non-GAAP Financial Measures**

In the press release attached, the Company uses the terms "Adjusted EBITDA", "free cash flow" and "net debt", which are not measures of financial performance under U.S. generally accepted accounting principles ("GAAP"). Also, in the tables to the press release, the non-GAAP financial measure "Segment and Total Company Income (Loss) before Special Items", is presented and reconciled to a financial measure under GAAP. Information about these non-GAAP measures are included in the press release.

Our management uses these non-GAAP measurements as a measure of operating performance and liquidity to assist in comparing performance from period to period on a consistent basis, as a measure for planning and forecasting overall expectations and for evaluating actual results against such expectations. Adjusted EBITDA and free cash flow are also performance evaluation metrics used to determine incentive compensation for executive officers.

We believe that investors and other users of the financial statements benefit from the presentation of these non-GAAP measurements because they provide additional metrics to compare the Company's operating performance and liquidity on a consistent basis and measure underlying trends and results of the Company's business. Adjusted EBITDA and Segment and Total Company Income (Loss) before Special Items assist in evaluating our operating performance because they remove the impact of certain items that management believes do not directly reflect our core operations. For instance, Adjusted EBITDA generally excludes interest expense, taxes and depreciation and amortization, each of which can vary substantially from company to company depending upon accounting methods and the book value and age of assets, capital structure, capital investment cycles and the method by which assets were acquired. It also eliminates stock-based compensation, which is a non-cash expense and is excluded by management when evaluating the underlying performance of our business operations.

Our management uses free cash flow when evaluating the performance of our business operations. This measurement also takes into account cash used to purchase fixed assets needed for business operations which are not expensed. We believe this measurement provides an additional tool to compare cash generated by our operations on a consistent basis and measure underlying trends and results in our business.

While Adjusted EBITDA and free cash flow are terms and financial measurements commonly used by investors and securities analysts, they have limitations. As non-GAAP measurements, Adjusted EBITDA and free cash flows have no standard meaning and, therefore, may not be comparable with similar measurements for other companies. Similarly, Segment and Total Company Income (Loss) Before Special Items has no standard meaning and may not be comparable to measurements for other companies. Adjusted EBITDA and free cash flow are generally limited as analytical tools because they exclude charges and expenses we do incur as part of our operations as well as cash uses which are included in a GAAP cash flow statement. In addition, free cash flow does not represent residual cash flow available for discretionary expenditures since items such as debt repayments are not deducted in determining such measurement.

None of these non-GAAP financial measurements should be considered in isolation or as a substitute for analyzing our results as reported under U.S. generally accepted accounting principles.

Exhibit No. Description

99.1 Press release issued by Mistras Group, Inc. on March 12, 2018

#### **Mistras Group Announces Fourth Quarter 2017 Results**

#### **Highlights of the Fourth Quarter 2017\***

- Consolidated Q4 revenues increased 10%; Services segment revenues increased 17%
- Q4 pretax income of \$5.0 million increased 140%
- Q4 net income was \$0.9 million; non-GAAP net income of \$4.4 million increased 127%
- O4 adjusted EBITDA of \$17.8 million increased 24%
- Q4 cash flows from operating activities was \$20.0 million
- \*- All comparisons are versus the equivalent prior year period.

MISTRAS Group, Inc., March 12, 2018 4:01 PM

PRINCETON JUNCTION, N.J., March 12, 2018 (GLOBE NEWSWIRE) - Mistras Group, Inc. (MG: NYSE), a leading "one source" global provider of technology-enabled asset protection solutions, reported financial results for its fourth quarter ended December 31, 2017.

Consolidated revenues for the fourth quarter of 2017 were \$187.6 million, 10% higher than the prior year period of \$170.2 million. Services segment revenues were \$146.0 million for the fourth quarter of 2017, 17% higher than \$124.3 million in the prior year. The increase in revenues were due to the combined effect of organic growth coupled with acquisition expansion.

Pre-tax income for the fourth quarter of 2017 was \$5.0 million, 140% higher than the prior year of \$2.1 million. Fourth quarter 2017 net income was \$0.9 million or \$0.03 per diluted share, versus net income of \$1.0 million or \$0.03 per diluted share in the prior year period. Fourth quarter 2017 results included the following special items:

- The impact of the Tax Act passed on December 22, 2017 which resulted in a net charge of \$1.9 million in the fourth quarter of 2017. The residual impact of the Tax Act, (exclusive of the following net-of-tax special items) reduced net income by \$1.6 million or \$0.05 per diluted share
- Acquisition-related expense net; reduced operating income by \$1.1 million (\$0.9 million net-of-tax)
- A reserve was increased for a litigation settlement; reduced operating income by \$0.4 million (\$0.5 million net-of-tax)
- Severance pertaining to cost reductions; reduced operating income by \$0.9 million (\$0.6 million net-of-tax)

Excluding these special items, which include the total impact of the Tax Act, the Company's net income would have been \$4.4 million, or \$0.15 per diluted share for the fourth quarter of 2017. All of these net-of-tax amounts are inclusive of the impact of the Tax Act passed on December 22, 2017.

Adjusted EBITDA for the fourth quarter was \$17.8 million, 24% higher than the prior year amount of \$14.4 million.

The Company generated \$55.2 million of cash flows from operating activities and \$34.7 million of free cash flow for full year 2017, both of which were reduced by the \$6.3 million payment of a prior year legal settlement. The Company used its free cash flow to repurchase \$15.9 million of common stock and partially fund its acquisitions.

The Company's net debt (total debt of \$181.5 million less cash and cash equivalents of \$27.5 million) was \$154.0 million at December 31, 2017. compared to \$92.0 million at September 30, 2017. This increase in net debt was primarily attributable to the West Penn Acquisition which closed during the fourth quarter of 2017.

Performance by segment was as follows:

**Services** segment Q4 revenues increased by \$21.7 million or 17% over prior year, attributable to high-single digit positive organic growth coupled with mid-single digit positive acquisition growth. Services segment gross profit margin improved by 170 bps year-over-year, resulting in an operating income improvement of \$8.6 million, or 126% over prior year.

**International** segment Q4 revenues decreased by \$5.6 million or 13% compared with prior year. International segment revenues were adversely impacted a double digit organic decline, offset by mid-single digit favorable impact of foreign exchange rates. International segment Q4 operating income declined by \$4.3 million or 108% compared with prior year. These declines were driven by reductions in Germany and in the UK.

**Products and Systems** segment Q4 revenue increased by \$0.3 million or 5% compared with prior year. Products and Systems segment Q4 operating income was essentially breakeven compared with a \$0.7 million loss in the prior year period.

Chief Executive Officer Dennis Bertolotti stated, "I am particularly pleased with the performance of our Services segment in the quarter. As expected, market conditions throughout the second half of 2017 turned positive compared with an unusually low level of prior year activity. Our 2017 acquisitions are also performing above expectations."

Mr. Bertolotti additionally stated, "We are working diligently to position the Company for its next phase of growth. We restructured the Services segment leadership team earlier in 2017 and as our Q4 results demonstrate, we are already seeing benefits from increased focus and accountability. Given stable petroleum prices, a growing aerospace business and our push into mechanical services expansion, this should enable strong improvement in 2018 and in the years to come."

Mr. Bertolotti concluded, stating "In addition to these initiatives, we are also making steady progress on our previously announced \$5 million cost reduction program. Our acquisition pipeline is also active with potential opportunities to grow and to diversify our Services business. We intend to continue to pursue this growth avenue to take advantage of what we expect will be a market that continues to improve throughout 2018."

#### **Guidance for 2018**

The Company is introducing its planning assumptions and guidance for 2018. The Company expects that the present range for petroleum prices will persist for the foreseeable future, causing oil and gas customer spend for inspection services to be relatively stable. Information obtained from North American oil and gas customers suggests that their spending in the first half of 2018 will continue to improve over 2017 and the Company's results are expected to reflect this dynamic.

The Company recently announced that a large customer plans to discontinue using the Company's services beginning in the second quarter of 2018. Inclusive of this event, we expect Services Segment revenues to increase by approximately 1% to 3%, instead of approximately 10% that we had been planning. Services segment operating margins are expected to increase by 150 basis points in 2018, driven by improved levels of business and the beneficial impact of cost reductions made in 2017.

International segment revenues are expected to improve by approximately 10%, driven by a mix of organic growth and foreign exchange benefit from a weaker US dollar. International segment operating margins are expected to increase by more than 400 basis points in 2018, driven by the beneficial impact of expected organic growth and cost reductions made in 2017.

Products and Systems segment revenues are expected to decline somewhat, as the impact of expected organic growth from core operations is more than offset by lost revenues from a subsidiary that is held for sale.

Total revenues for 2018 are expected to be between \$715 million to \$730 million. The Company's adjusted EBITDA is expected to increase by 22% to 30% over 2017, to between \$78 million and \$83 million. The Company is still assessing the impact of the recent tax reform act on the Company's effective tax rate for 2018.

The Company expects that its operating cash flow will approximate \$70 million. Capital expenditures are expected to be between \$15 million and \$20 million.

#### **Conference Call**

In connection with this release, Mistras will hold a conference call on March 13, 2018 at 9:00 a.m. (Eastern). The call will be broadcast over the Web and can be accessed on Mistras' Website, <a href="https://www.mistrasgroup.com">www.mistrasgroup.com</a>. Individuals in the U.S. wishing to participate in the conference call by phone may dial 1-844-832-7227 and use confirmation code 4199929 when prompted. The International dial-in number is 1-224-633-1529. Those who wish to listen to the call later can access an archived copy of the conference call at the Mistras Website.

**About Mistras Group, Inc.** 

Mistras offers one of the broadest "one source" services and technology-enabled asset protection solution portfolios in the industry used to evaluate the structural integrity of energy, industrial and public infrastructure. Mission critical services and solutions are delivered globally and provide customers with the ability to extend the useful life of their assets, improve productivity and profitability, comply with government safety and environmental regulations and enhance risk management operational decisions.

Mistras uniquely combines its industry leading products and technologies - 24/7 on-line monitoring of critical assets; mechanical integrity ("MI") and non-destructive testing ("NDT") services; destructive testing services; and its proprietary world class data warehousing and analysis software - to provide comprehensive and competitive products, systems and services solutions from a single source provider.

For more information, please visit the company's website at <a href="www.mistrasgroup.com">www.mistrasgroup.com</a> or contact Nestor S. Makarigakis, Group Director, Marketing Communications at <a href="marcom@mistrasgroup.com">marcom@mistrasgroup.com</a>.

#### **Forward-Looking and Cautionary Statements**

Certain statements made in this press release are "forward-looking statements" about Mistras' financial results and estimates, products and services, business model, strategy, growth opportunities, profitability and competitive position, and other matters. These forward-looking statements generally use words such as "future," "possible," "potential," "targeted," "anticipate," "believe," "estimate," "expect," "intend," "plan," "predict," "project," "will," "may," "should," "could," "would" and other similar words and phrases. Such statements are not guarantees of future performance or results, and will not necessarily be accurate indications of the times at, or by which, such performance or results will be achieved, if at all. These statements are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in these statements. A list, description and discussion of these and other risks and uncertainties can be found in the "Risk Factors" section of the Company's Transition Report on Form 10-K filed with the Securities and Exchange Commission on March 20, 2017, as updated by our reports on Form 10-Q and Form 8-K. The forward-looking statements are made as of the date hereof, and Mistras undertakes no obligation to update such statements as a result of new information, future events or otherwise.

#### **Use of Non-GAAP Measures**

In addition to financial information prepared in accordance with generally accepted accounting principles in the U.S. (GAAP), this press release also contains adjusted financial measures that we believe provide investors and management with supplemental information relating to operating performance and trends that facilitate comparisons between periods and with respect to projected information. The term "Adjusted EBITDA" used in this release is a financial measurement not calculated in accordance with GAAP and is defined as net income attributable to Mistras Group, Inc. plus: interest expense, provision for income taxes, depreciation and amortization, share-based compensation expense and certain acquisition related costs (including transaction due diligence costs and adjustments to the fair value of contingent consideration), foreign exchange (gain) loss and, if applicable, certain special items which are noted. A Reconciliation of Adjusted EBITDA to a financial measurement under GAAP is set forth in a table attached to this press release. In addition, the Company has also included in the attached tables non-GAAP measurement" "Segment and Total Company Income (Loss) Before Special Items", reconciling these measurements to financial measurements under GAAP. The Company uses the term "free cash flow", a non-GAAP measurement the Company defines as cash provided by operating activities less capital expenditures (which is classified as an investing activity). The Company also uses the term "net debt", a non-GAAP measurement defined as the sum of the current and long-term portions of long-term debt and capital lease obligations, less cash and cash equivalents.

<sup>(1) -</sup> On December 22, 2017, the United States enacted fundamental changes to federal tax law following passage of the Tax Act, (the "Tax Act"). Accordingly, during the three months ended December 31, 2017, the Company recorded a net charge of \$1.9 million attributable to three items; i) a charge of \$3.9 million due to the transition tax ii) a net tax benefit of \$2.3 million due to the remeasurement of federal deferred tax assets and liabilities from 35% to 21% and iii) a \$0.3 million charge attributable to reducing deferred tax assets due to changes made to executive compensation rules pursuant to the Tax Act. In reconciling net income and diluted earnings per share to non-GAAP measures, the Company allocated all the related tax effects inclusive of the Tax Act, as recorded during three months ended December 31, 2017, to the specific special items. The remaining tax impact of the Tax Act was reflected as a residual impact in the non-GAAP reconciliation. For the three months ended December 31, 2017, \$0.3 million of net expense is included net-of-tax within the special items and \$1.6 million of net expense is reported as a residual impact. For the year ended December 31, 2017, \$2.6 million of net expense is recorded net-of-tax within the special items and \$0.7 million of net benefit is reflected as a residual impact.
