

MISTRAS Group to Participate in the Sidoti Virtual Microcap Conference December 08 & 09, 2021

Dec 1, 2021

Management Presentation on December 08, 2021, at 09:15 AM ET

PRINCETON JUNCTION, N.J., Dec. 01, 2021 (GLOBE NEWSWIRE) -- MISTRAS Group, Inc. (MG: NYSE) – a leading “one source” global provider of technology-enabled asset protection solutions used to maximize the uptime and safety of critical energy, industrial, and public infrastructure – announced today that Dennis Bertolotti, Chief Executive Officer, and Edward Prajzner, Chief Financial Officer, will be presenting at the Sidoti Virtual Microcap Conference, being held December 08 & 09, 2021. Management will also be hosting virtual one-on-one meetings throughout the conference.

The Company’s presentation will begin at 09:15 AM ET on December 8, 2021. The presentation can be accessed via this link: https://sidoti.zoom.us/webinar/register/WN_qHA_Pv9DTDaSvp3omeHa6g.

About MISTRAS Group, Inc. - One Source for Asset Protection Solutions®

MISTRAS Group, Inc. (NYSE: MG) is a leading “one source” multinational provider of integrated technology-enabled asset protection solutions, helping to maximize the safety and operational uptime for civilization’s most critical industrial and civil assets.

Backed by an innovative, data-driven asset protection portfolio, proprietary technologies, and decades-long legacy of industry leadership, MISTRAS leads clients in the oil and gas, aerospace and defense, renewable and nonrenewable power, civil infrastructure, and manufacturing industries towards achieving and maintaining operational excellence. By supporting these organizations that help fuel our vehicles and power our society; inspecting components that are trusted for commercial, defense, and space craft; and building real-time monitoring equipment to enable safe travel across bridges, MISTRAS helps the world at large.

MISTRAS enhances value for its clients by integrating asset protection throughout supply chains and centralizing integrity data through a suite of Industrial IoT-connected digital software and monitoring solutions. The company’s core capabilities also include non-destructive testing field and in-line inspections enhanced by advanced robotics, laboratory quality control and assurance testing, sensing technologies and NDT equipment, asset and mechanical integrity engineering services, and light mechanical maintenance and access services.

Forward-Looking and Cautionary Statements

Certain statements made in this press release are “forward-looking statements” about MISTRAS’ financial results and estimates, products and services, business model, strategy, growth opportunities, profitability and competitive position, and other matters. These forward-looking statements generally use words such as “future,” “possible,” “potential,” “targeted,” “anticipate,” “believe,” “estimate,” “expect,” “intend,” “plan,” “predict,” “project,” “will,” “may,” “should,” “could,” “would” and other similar words and phrases. Such statements are not guarantees of future performance or results, and will not necessarily be accurate indications of the times at, or by which, such performance or results will be achieved, if at all. These statements are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in these statements. A list, description and discussion of these and other risks and uncertainties can be found in the “Risk Factors” section of the Company’s 2020 Annual Report on Form 10-K dated March 16, 2021, as updated by our reports on Form 10-Q and Form 8-K. The forward-looking statements are made as of the date hereof, and MISTRAS undertakes no obligation to update such statements as a result of new information, future events or otherwise.
