PROXY STATEMENT

GENERAL INFORMATION

We are providing these proxy materials in connection with the solicitation by our Board of Directors of proxies to be voted at our 2018 annual meeting of shareholders (“2018 Annual Meeting”) and at any adjournment or postponement of the meeting. You are invited to attend the 2018 Annual Meeting, which will take place on May 15, 2018, beginning at 2:00 p.m., Eastern Time, at the Company’s headquarters at 195 Clarksville Road, Princeton Junction, New Jersey 08550. See the back cover of this proxy statement for directions. Shareholders will be admitted to the 2018 Annual Meeting beginning at 1:45 p.m., Eastern Time. Seating will be limited.

The terms “Mistras,” the “Company,” “we,” “our” and “us” mean Mistras Group, Inc. and the term “Board” means our Board of Directors, unless the context indicates otherwise. We are incorporated in the State of Delaware, and our common stock trades on the New York Stock Exchange (“NYSE”) under the symbol “MG.” Previously, our fiscal year was June 1 to May 31, and reference to a fiscal year prior to 2017 means the fiscal year ending May 31 of that year. For example, fiscal 2016 means the fiscal year ended May 31, 2016. On January 3, 2017, our Board approved changing our fiscal year to a calendar year effective with the year ended on December 31, 2016. Any reference to 2017 or a later year means that calendar year. This change in the fiscal year resulted in us having a seven-month transition period, commencing June 1, 2016 and ending on December 31, 2016, which is referred to in this proxy statement as the “transition period” or “transition 2016.”

Proxy Solicitation. The accompanying proxy is being solicited by our Board. The Notice of Annual Meeting and this proxy statement and proxy card or voting instructions are first being distributed to shareholders on or about April 4, 2018. In addition to this solicitation, employees of the Company may solicit proxies in person or by telephone. All costs of the solicitation of proxies will be borne by the Company. On the proxy card or voting instruction included in the materials, a shareholder of record (that is, a shareholder who holds the shares in his or her own name with our transfer agent, American Stock Transfer & Trust Company) may substitute the name of another person in place of those persons presently named as proxies. In order to vote, a substitute proxy must present adequate identification to the Corporate Secretary or Inspector of Election for the meeting before the voting occurs. If you hold your shares in “street name” (that is, in the name of a bank, broker or other holder of record), contact your bank, broker or other holder of record for instructions and authorization to have someone attend the meeting for you.

At the 2018 Annual Meeting, the proxies appointed by the Board (the persons named in the proxy card or voting instructions) will vote your shares as you instruct. If you complete and submit your proxy without indicating how you would like to vote your shares, your proxy will be voted as the Board recommends.

Internet Availability of Proxy Materials. We are using the Internet as our primary means of furnishing proxy materials to shareholders as permitted by the rules of the Securities and Exchange Commission (“SEC”). Consequently, most shareholders will not receive paper copies of our proxy materials. We will instead send shareholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our proxy statement and annual report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how shareholders may obtain paper copies of our proxy materials if they so choose. This makes the proxy distribution process more efficient, less costly and helps conserve natural resources. If you previously elected to receive our proxy materials electronically, these materials will continue to be sent via email unless you change your election.

Voting Recommendation of the Board. The Board recommends that shareholders vote:

- FOR each of the eight nominees of the Board of Directors (Item 1);
- FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2018 (Item 2); and
- FOR the approval, on an advisory basis, of the compensation of our named executive officers (Item 3).

Shareholders Entitled to Vote, Quorum. Shareholders of record of our common stock at the close of business on March 19, 2018 are entitled to notice of and to vote at the 2018 Annual Meeting and any adjournments or postponements of the meeting. Each share entitles its owner to one vote. The holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy in order to constitute a quorum for all matters to come before the meeting. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum. On the record date, we had 28,301,698 shares outstanding.

Votes Needed. The following sets forth the votes needed for each agenda item to pass.

Agenda Item	Votes Needed
1. Election of Directors	Plurality, meaning the eight nominees receiving the most votes for their election will be elected.
2. Ratification of Appointment of Auditors	Majority of the shares of common stock present or represented at the meeting.
3. Advisory Vote on Executive Compensation	Majority of the shares of common stock present or represented at the meeting.

For Item 1, Election of Directors, as set forth in the Director Resignation Policy described on Page 7, each director has agreed that if he or she receives more “Withheld” votes than “For” votes, the director will tender his or her resignation for consideration by the Corporate Governance Committee and the independent members of the Board. Abstentions from voting on Item 2 will have the practical effect of a vote against that proposal because an abstention results in one less vote for the proposal. For Item 3, abstentions from voting and broker non-votes will have the practical effect of a vote against the proposal because an abstention or broker non-vote results in one less vote for the proposal.

If you hold your shares through a bank or broker and you do not instruct your bank or broker how to vote your shares, these shares are considered broker non-votes. Brokers may not vote your shares on the election of directors or on Item 3 in the absence of your specific instructions as to how to vote. See “*Effect of Not Casting Your Vote*” below.

How to Vote. Shares held in your name as the shareholder of record may be voted by you in person at the 2018 Annual Meeting. Shares held beneficially in street name may be voted by you in person at the 2018 Annual Meeting only if you obtain a legal proxy from the bank, broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the 2018 Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

You have the option of voting your shares over the Internet, by telephone or completing and returning a proxy card or voting instruction card. Voting over the Internet or telephone authorizes the named proxies to vote your shares as you direct. If you receive paper copies of our proxy materials and a proxy card or voting instruction card, you can also vote by marking, signing, and returning your proxy card or voting instruction card as directed in the materials you receive. More information on how to vote by proxy is included in the proxy materials.

If any matters are properly presented for consideration at the 2018 Annual Meeting, the persons named in the proxy card will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the 2018 Annual Meeting.

Changing Your Vote. You may change your vote at any time before the proxy is exercised. If you vote by mail, you may revoke your proxy at any time before it is voted by executing and delivering a timely and valid later-dated proxy, by voting by ballot at the meeting or by giving written notice to the Secretary at Mistras Group, 195 Clarksville Road, Princeton Junction, New Jersey 08550. If you vote over the Internet or by telephone, you may also change your vote with a timely and valid later Internet or telephone vote, as the case may be, or by voting by ballot at the meeting and notifying the Corporate Secretary or Inspector of Election that you are changing your earlier vote. Attendance at the meeting will not have the effect of revoking a proxy unless you give proper written notice of revocation to the Corporate Secretary or Inspector of Election before the proxy is exercised or you vote by ballot at the meeting.

Effect of Not Casting Your Vote. If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are a record holder of your shares of Mistras common stock. If you hold your

shares through a bank, broker or other intermediary, which is commonly referred to as holding your shares in “street name,” you are a beneficial holder but not a record holder. If you hold your shares in street name and want your shares to count on Item 1 (election of directors) or Item 3 (advisory vote on executive compensation), you will need to instruct your bank or broker how you want your shares voted. If you hold your shares in street name and you do not instruct your bank or broker how to vote on Item 1 or Item 3, no votes will be cast on your behalf on any of these items for which you did not provide voting instructions. Your bank or broker will have discretion to vote any uninstructed shares on the ratification of the appointment of the Company’s independent registered public accounting firm (Item 2). Abstentions for Items 2 or 3 will have the practical effect of a vote against such Item.

If you are a shareholder of record and do not return your proxy or attend the meeting, your shares will not be considered present at the meeting for voting purposes or determining whether we have a quorum and no votes will be cast for your shares at the meeting. If you return your proxy but do not cast your vote on your proxy, your shares will be voted as directed by the Board, which will be in favor of all the nominees listed in Item 1 and in favor of Items 2 and 3. If you return your proxy but abstain, no votes will be cast on your behalf on any of the items of business at the meeting, but your shares will be counted for determining whether a quorum is present to conduct the meeting.

Tabulating the Votes. A representative from Broadridge Financial Services will tabulate the votes and will serve as Inspector of Election at the 2018 Annual Meeting.

Voting Results. We will announce preliminary voting results at the meeting. Voting results will also be disclosed in a Form 8-K filed with the SEC soon after the meeting, which will be available on our website.

CORPORATE GOVERNANCE

Overview

Our Board is committed to maintaining good corporate governance practices and believes this is an important element of our long-term success and the enhancement of shareholder value. The Board has adopted and adheres to corporate governance guidelines and practices that the Board and senior management believe are sound and promote this purpose. Our Board continuously reviews our governance practices and updates them, as appropriate, based upon Delaware law (the state in which we are incorporated), NYSE rules and listing standards, and SEC regulations, as well as best practices suggested by recognized governance authorities.

All of our relevant corporate governance documents are available on the corporate governance section of the investor page at our website at <http://investors.mistrasgroup.com/governance.cfm>. At this site, shareholders can view our:

Board of Directors and Director Independence

Our Board has set the number of directors for the Board at eight and currently the eight members consist of Dennis Bertolotti, Nicholas DeBenedictis, James J. Forese, Richard H. Glanton, Michael J. Lange, Manuel N. Stamatakis, Sotirios J. Vahaviolos and W. Curtis Weldon.

In February and March 2018, the Board and Corporate Governance Committee undertook a review of the independence of the directors and considered whether any director has a relationship with us that would preclude a determination of independence within the meaning of the rules of the NYSE. As a result of this review, our Board determined that Messrs. DeBenedictis, Forese, Glanton, Stamatakis and Weldon, representing five of our eight directors and all of our non-employee directors, are “independent directors” as defined under the NYSE rules because none of these directors had any material relationships with the Company.

In making this determination, the Board took into account that one of the companies owned and operated by Manuel Stamatakis, Capital Management Enterprise (“CME”), provides benefits consulting services to the Company. The Company did not pay any fees to CME in 2017. The compensation received by CME in 2017 for work related to Mistras was paid directly to CME by the third-party benefits providers in the form of normal and customary commissions. The remaining independent directors considered all the facts and circumstances, including the fees CME received from third parties related to work with Mistras, and determined that Mr. Stamatakis satisfies the independence requirements of the NYSE and SEC for directors serving on the Audit Committee and the Compensation Committee.

Committees of the Board

Our Board has established three standing committees: Audit Committee, Compensation Committee and Corporate Governance Committee. Each committee operates pursuant to a written charter and all committees are comprised solely of independent directors. The composition of the committees is set forth below and a description of each committee follows.

Director	Audit Committee	Compensation Committee	Corporate Governance Committee
Nicholas DeBenedictis	Member		
James Forese	Chair	Member	
Richard Glanton		Chair	Member
Manuel Stamatakis	Member	Member	Chair
Curtis Weldon			Member

Audit Committee

Our Board has determined that each member of our Audit Committee meets the requirements for independence and financial literacy and that Messrs. DeBenedictis and Forese qualify as audit committee financial experts under the applicable requirements of the NYSE and SEC rules and regulations. The Audit Committee is responsible for, among other things:

- selecting and hiring our independent registered public accounting firm and approving the audit and non-audit services to be performed by our independent registered public accounting firm;
- evaluating the qualifications, performance and independence of our independent registered public accounting firm;
- monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements and accounting matters;
- reviewing the adequacy and effectiveness of our internal control policies and procedures;

- discussing the scope and results of the audit with the independent registered public accounting firm and reviewing with management and the independent registered public accounting firm our interim and year-end operating results; and
- preparing the audit committee report included in our proxy statement.

Compensation Committee

All of the members of our Compensation Committee qualify as independent. The Compensation Committee is responsible for, among other things:

- reviewing and approving the following for our executive officers: annual base salaries, cash and equity incentive compensation, including specific goals, targets and amounts, other equity compensation, employment agreements, severance and change in control arrangements and any other benefits, compensation or arrangements;
- reviewing and recommending, in conjunction with the Corporate Governance Committee, compensation programs for outside directors;
- reviewing and approving the compensation discussion and analysis and issuing the compensation committee report included in our proxy statement;
- appointing, overseeing and determining the work and compensation of any compensation consultant, independent legal counsel or other adviser retained by the compensation committee; and
- administering, reviewing and making recommendations with respect to our equity compensation plans.

Corporate Governance Committee

Our Corporate Governance Committee is responsible for, among other things:

- assisting our Board in identifying prospective director nominees and recommending to the Board nominees for election at each annual meeting of shareholders;
- reviewing our corporate governance principles and practices and recommending changes, as appropriate, in light of developments in governance practices;
- overseeing the evaluation of our Board and management;
- reviewing succession planning;
- recommending members for each Board committee to our Board; and
- reviewing and monitoring our code of conduct and actual and potential conflicts of interest of members of our Board and our executive officers.

Board Leadership Structure

Under our corporate governance guidelines, the Board does not have a policy on whether or not the roles of the Chairman and Chief Executive Officer, or CEO, should be separate or combined. The Board believes it should be free to determine what is best for the Company at a given point in time, as different leadership structures for a board of directors have their own advantages and disadvantages, which must be considered in the context of the specific circumstances, culture and challenges facing a company.

In August 2017, as part of the executive succession planning, the Board separated the roles of Chairman and CEO. The Company's founder and largest shareholder (approximately 41%), Sotirios Vahaviolos, has historically served as

our Chairman and CEO. Effective August 10, 2017, Dennis Bertolotti, our President and formerly our Chief Operating Officer, became our President and CEO, and Dr. Vahaviolos remained as the Chairman of the Board in the role of Executive Chairman.

The combined Chairman/CEO model is a leadership model that has served our shareholders well in the past. However, as the Board continued implementing the succession plan Dr. Vahaviolos developed with the independent directors of the Board, the Board determined that separating the roles was in the best interest of our shareholders at this time. Under this structure, Dr. Vahaviolos, as Executive Chairman, can continue to contribute his in-depth knowledge of the issues, opportunities and challenges we face, while Mr. Bertolotti can provide his insights as to the market, strategy and day-to-day operations.

Lead Director

The Board established the position of independent Lead Director, which the Board determined should be the chair of the Corporate Governance Committee. Mr. Stamatakis currently serves as the chair of the Corporate Governance Committee and the Lead Director. The Lead Director serves as a liaison between management and non-management members of the Board; participates in setting the agenda for Board meetings; leads the executive sessions, including follow up actions; and is involved in other governance matters. The Board determined that the Lead Director continues to serve an important role for the independent directors after the separation of the Chairman and CEO roles.

Code of Ethics and Code of Conduct

We have a Code of Ethics for Executive Officers and Senior Financial Officers and Managers, which applies to our CEO, chief financial officer (“CFO”), chief accounting officer, all other executive officers, the controller, the treasurer, the director of audit, the director of tax, the managing directors and controllers of international operations and other finance and accounting managers designated by the CEO or the CFO. This code of ethics requires that our leaders covered by the code act with honesty, integrity and a high level of ethics. This code also requires full, fair, timely and accurate reporting and disclosure of information in reports to the SEC and to the public. We have also adopted a Code of Conduct that applies to all of our employees, officers and directors. Our Code of Conduct establishes guidelines for honesty and professionalism we expect all Mistras directors, officers and employees to follow at all times when representing or working for Mistras and is intended to foster an atmosphere of high integrity and accountability. The Code of Conduct requires all employees to comply with all laws and regulations and addresses issues such as dealing with customers and suppliers, protecting valuable company assets, avoiding conflicts of interest, and other matters involving good corporate conduct.

Nomination of Directors

The Corporate Governance Committee is responsible for identifying individuals qualified to become Board members and for recommending nominees to the Board for election at the annual meeting of shareholders. To facilitate this process, the Corporate Governance Committee and the Board adopted our Director Nominating Process and Policy and the Director Qualification Criteria. The Director Nominating Process and Policy and the Director Qualification Criteria articulate a process and qualifications that are clear, specific and prudent to help the Corporate Governance Committee and the Board identify and select the most qualified directors to meet our needs and provide a well-functioning Board.

In accordance with the policy, the Corporate Governance Committee will take into account the Board’s current and anticipated strengths and needs. Among the criteria considered by the committee are experience or expertise in accounting, finance, management, international business, compensation, corporate governance, strategy, general business matters and industry knowledge, as well as diversity within the Board. While the Board does not have a specific policy on Board diversity, it is one aspect the Corporate Governance Committee and the Board take into account when considering potential director candidates.

As set forth in the Director Qualification Criteria, the Board seeks candidates for director who possess the following: (1) the highest level of integrity and ethical character, (2) personal and professional reputation consistent with the Company’s image and reputation, (3) sound judgment, (4) financial literacy, (5) independence, (6) significant experience and proven superior performance in professional endeavors, (7) an appreciation for board and team

performance, (8) the commitment to devote the time necessary for service on our Board, (9) skills in areas that will benefit the Board and (10) the ability to make a long-term commitment to serve on the Board. The Corporate Governance Committee is also cognizant of having at least one independent director who meets the definition of an audit committee financial expert under SEC rules.

The Corporate Governance Committee may rely on various sources to identify potential director nominees. These include input from directors, management, others the Corporate Governance Committee considers reliable, and professional search firms. The Corporate Governance Committee will consider director nominations made by a shareholder or other sources (including self-nominees) if these individuals meet our Director Qualification Criteria. If a candidate proposed by a shareholder or other source meets the criteria, the individual will be considered on the same basis as other candidates. For consideration by the Corporate Governance Committee, the submission of a candidate must be sent to the attention of the Corporate Secretary at our headquarters at 195 Clarksville Road, Princeton Junction, New Jersey 08550. The submission should be received by January 5, 2019 in order to receive adequate consideration for the 2019 annual meeting and must include sufficient details to demonstrate that the potential candidate meets the Director Qualification Criteria. For a shareholder to nominate a director for election, the shareholder must meet the requirements of our bylaws and make the nomination in the time required by our bylaws, as set forth on page 36 under "Shareholder Proposals and Other Matters."

Director Resignation Policy

The Board has a Director Resignation Policy which provides that, in an uncontested election for directors, if a nominee for director receives more votes "withheld" or "against" than votes "for" his or her election, the director will promptly tender an offer of his or her resignation following certification of the shareholder vote. An uncontested election is any election of directors in which the number of nominees for election is less than or equal to the number of directors to be elected.

The Corporate Governance Committee will consider and recommend to the Board whether to accept the resignation offer, which the independent members of the Board will decide. The Corporate Governance Committee and Board will evaluate any such tendered resignation based upon the best interests of the Company and its shareholders. When deciding the action to take, the Board could accept or turn down the offer of resignation or decide to pursue additional actions such as the following:

- allow the director to remain on the Board but not be nominated for re-election to the Board at the next election of directors;
- defer acceptance of the resignation until the vacancy the resignation will create can be filled by the Board with a replacement director meeting the necessary qualifications; or
- allow the director to remain on the Board if, in the view of the Corporate Governance Committee, the director has or is expected to correct the reason for the negative vote.

In addition, the policy provides that if a director's principal occupation or business association changes substantially during his or her tenure as a director, the director shall tender his or her resignation for consideration by the Corporate Governance Committee. The Corporate Governance Committee, in consultation with the Chairman of the Board, will recommend to the Board the action, if any, to be taken with respect to the resignation.

Stock Ownership Guidelines and Incentive Compensation Recoupment Policy

The Board adopted stock ownership guidelines for all directors and executive officers. Non-employee directors are required to hold all shares awarded during the prior three years (excluding shares a director has elected to take in lieu of cash fees). The guidelines for our executive officers are discussed on page 25 in the Compensation Discussion and Analysis. The Board has also adopted an Incentive Compensation Recoupment Policy (often referred to as a claw-back policy), which is also discussed on page 26 in the Compensation Discussion and Analysis.

Other Key Governance Matters

Executive Sessions. The Audit Committee met four times and the Compensation Committee met once during 2017 in executive session without the Chairman and CEO or any other members of management present. The independent

directors met six times during 2017 in executive session, without the Chairman and CEO or any other member of management present.

Board Oversight of Risk Management. The Board believes that overseeing how management manages the various risks the Company faces is one of its important responsibilities. The risk oversight function is led by the Board and the Audit Committee, but some areas are administered by committees tasked by the Board with oversight of specific risks, as summarized below.

<u>Board/Committee</u>	<u>Primary Areas of Risk Oversight</u>
Full Board of Directors	Strategic, financial and execution risks and exposures associated with the annual plan, and strategic planning (including matters affecting capital allocation); other matters that may present material risk to the company's operations, plans, prospects or reputation; and acquisitions and divestitures (including through post-closing reviews).
Audit Committee	Risks and exposures associated with financial matters, particularly financial reporting, tax, accounting, disclosure, internal control over financial reporting, financial policies, investment guidelines and credit and liquidity matters; compliance matters; and management's risk management programs.
Corporate Governance Committee	Risks and exposures relating to our programs and policies for corporate governance and succession planning.
Compensation Committee	Risks and exposures associated with leadership assessment, management development, and executive compensation programs and arrangements, including incentive plans. The Compensation Committee reviews compensation arrangements and programs to ensure that they do not create incentives for employees to take excessive or inappropriate risks which could have a material adverse effect on the Company.

The Board and its committees receive information and reports from management on the status of the Company and the risks associated with the Company's strategy and business plans.

The Board believes the revised Board structure of separating the Chairman and CEO roles will continue to provide an effective structure for the Board to understand the risks associated with the Company's strategic plans and objectives, particularly in light of our Executive Chairman's 41% ownership of our stock, his history as our founder and his stature in and knowledge of the asset integrity management and non-destructive testing, or NDT, industry. Additionally, maintaining an independent Board with a Lead Director permits open discussion and assessment of our ability to manage these risks.

Board Meetings. During 2017, the Board had seven meetings of the full Board and two additional meetings of only independent directors, the Compensation Committee and the Corporate Governance Committee each had four meetings and the Audit Committee held nine meetings. Each director attended at least 75% of the total meetings of the Board and the committees on which he served.

Annual Meeting Attendance. The Company expects all directors to attend the 2018 annual meeting of shareholders. All our directors elected at our 2017 annual shareholders meeting attended the meeting.

Communication with the Board. Shareholders, employees and others may contact the Board or any of the Company's directors (including the Lead Director) by writing to them c/o Corporate Secretary, Mistras Group, 195 Clarksville Road, Princeton Junction, New Jersey 08550. The Company's process for handling communications to the Board or the individual directors is set forth in our Securityholder Communication Policy.

Term Limits; Mandatory Retirement. The Board has decided not to have term limits or a mandatory retirement age for directors. The Board believes that a director should be evaluated based upon his or her abilities and contributions to the Board and an assessment of that individual's qualities and qualifications to continue to serve as a director on

the board. Term limits and mandatory retirement may deprive the Board of a valuable member with great insight and detailed knowledge of us and our industry.

DIRECTOR COMPENSATION

For 2017, non-employee directors received fees of \$15,000 per quarter (\$60,000 annually) and semi-annual equity grants of \$37,500 (\$75,000 annually) in shares of our common stock. The committee chairperson quarterly fees were \$2,500 for the Audit Committee and \$1,875 for the Compensation Committee and for the Corporate Governance Committee. The director fees and committee chair fees are paid quarterly in cash.

The following is the compensation paid to our non-employee directors in 2017.

	Cash	Stock (1)	Total
Nicholas DeBenedictis	\$50,000	\$96,242	\$146,242
James Forese	\$58,333	\$81,245	\$139,578
Richard Glanton	\$56,250	\$81,245	\$137,495
Manuel Stamatakis	\$56,250	\$98,130	\$154,380
W. Curtis Weldon	\$50,000	\$81,245	\$131,245

- (1) Stock awards are valued based upon the grant date fair value in accordance with FASB ASC Topic 718, which utilizes the closing price on the grant date. However, for purposes of determining the number of shares awarded to directors, the Company used the average of the high and low trading prices over a three trading day period ending on the grant date, which is the reason for the difference between the award values above and the intended market value, using the three trading day average.

Differences in compensation above for directors and from the amount of the director compensation plan resulted from the timing of payments for cash compensation versus grants of equity taken in lieu of cash, an overlap in equity grants related to transition 2016 made in 2017. Additionally, cash payments made in transition 2016 were in part payment of 2017 compensation, thereby reducing the cash totals above. Prior to 2017, the quarterly retainers and chairperson fees could be paid in stock in lieu of cash, but beginning in 2017, these amounts are payable in cash only.

For 2018, the director compensation has been changed to total quarterly retainers of \$17,500 (\$70,000 annually) and semi-annual stock awards of \$40,000 (\$80,000 annually). This is the first increase in director compensation since June 1, 2015.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2017, Messrs. Forese, Glanton and Stamatakis served as members of our Compensation Committee. None of the members of our Compensation Committee has been an officer or employee of Mistras, or had any other relationship with us requiring disclosure in this proxy statement. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or Compensation Committee.

CERTAIN RELATIONSHIPS, PROCEEDINGS AND RELATED PERSON TRANSACTIONS

Policy and Procedure for Approval of Related Person Transactions

We have a written Related Person Transaction Policy, which requires the approval or ratification by the Corporate Governance Committee for any transaction or series of transactions exceeding \$120,000 in which we are a participant and any related person has a material interest for which disclosure is required under Item 404(a) of SEC Regulation S-K. Related persons include our directors, director nominees, executive officers and their family members and persons controlling more than 5% of our common stock.

Under the Related Person Transaction Policy, all our directors and executive officers have a duty to report to the Chairman, General Counsel or Lead Director potential conflicts of interest or transactions with related persons.

Management has established procedures for monitoring transactions that could be subject to approval or ratification under the Policy.

Once a related person transaction has been identified, the Corporate Governance Committee, and in some cases the Audit Committee, will review all the relevant facts and circumstances and approve or disapprove of the entry into the transaction. The Corporate Governance Committee will take into account, among other factors, whether the transaction is on terms no less favorable to us than terms generally available from an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. If advance approval of a transaction by the Corporate Governance Committee is not feasible, the transaction will be considered for ratification at the Corporate Governance Committee's next regularly scheduled meeting.

Transactions with Related Persons

There are no family relationships between or among any of our directors, nominees and executive officers.

The following are transactions between us and related persons during 2017. The Corporate Governance Committee and all independent directors reviewed and preapproved the stock repurchase agreement with Dr. Vahaviolos described below. The Corporate Governance Committee has reviewed all the other transactions previously and has either pre-approved or ratified each transaction which required the committee's approval or ratification.

On August 17, 2016, we entered into an agreement with Dr. Vahaviolos, which provided for us to repurchase up to 1 million shares of our common stock from Dr. Vahaviolos. Pursuant to the terms of the agreement, we repurchased \$2 million of shares each month, based upon a purchase price equal to 98% of the average daily closing price of our common stock for the preceding month, and no repurchases would be made for any month in which the average daily closing price was below \$21.00 or above \$29.00. Pursuant to this agreement, we purchased 1 million shares from Dr. Vahaviolos at an average purchase price of \$21.92 per share, of which 725,991 shares were purchased in 2017 at an average purchase price of \$21.93.

We lease our headquarters located at 195 Clarksville Road, Princeton Junction, New Jersey, from an entity majority-owned by Dr. Vahaviolos. The lease provides for monthly payments of approximately \$74,000 through October 31, 2015, with annual increases of 3% to a maximum monthly payment of approximately \$96,500 during the last year of the lease term, which expires October 31, 2024. The monthly payments during 2017 were approximately \$78,500 for January to October and \$80,800 for November and December.

Our French subsidiary leases office space located at 27 Rue Magellan, Sucy-en-Brie, France, which is partly owned by Dr. Vahaviolos. The lease was on a month-to-month basis until the third quarter of 2017, when our French subsidiary entered into a 3 year lease for the building. During 2017, our French subsidiary paid approximately \$200,000 in rent.

Our subsidiary in Greece entered into an employment agreement with the daughter of Dr. Vahaviolos pursuant to which she serves as its Vice President and Managing Director. The employment agreement provides for a monthly salary and other compensation, including incentive bonuses, plus reimbursement of certain expenses. During 2017, Dr. Vahaviolos' daughter received \$152,000 in total compensation and benefits. In addition, Dr. Vahaviolos' daughter personally guaranteed payments on a lease for office space and other obligations of our Greek subsidiary. We have agreed to indemnify Dr. Vahaviolos' daughter should she make any payments or incur any costs or loss on account of her guaranty.

In connection with our Class B Convertible Redeemable Preferred Stock financing prior to our initial public offering in October 2009, we entered into an investor rights agreement with our preferred stockholders, including Dr. Vahaviolos. This agreement grants Dr. Vahaviolos registration rights with respect to shares of our common stock which were issued to him at the time of our IPO resulting from the conversion of his shares of preferred stock.

Legal Proceedings

During 2017, one of our directors, Richard Glanton, filed a voluntary proceeding under Chapter 11 of the U.S. Bankruptcy Act in the U.S. Bankruptcy Court for the District of New Jersey. Presently, Mr. Glanton has pending with the court a motion for voluntary dismissal of the case.

PROPOSALS REQUIRING SHAREHOLDER APPROVAL

ITEM 1: ELECTION OF DIRECTORS

At the recommendation of the Corporate Governance Committee, the Board has recommended that all current members of our Board of Directors be nominated for re-election to the Board. Directors who are elected at the 2018 Annual Meeting will serve a one-year term expiring at the 2019 annual shareholders meeting or until their successors have been elected and qualified, or until their death or resignation.

The following contains the background, experience and other information about the nominees. Following each nominee’s biographical information, we have provided information concerning the particular experience, qualifications, attributes and/or skills that contributed to the determination by the Corporate Governance Committee and the Board that the nominee should serve as a director. A majority of our independent directors serve or have served on boards and board committees (including, in many cases, as committee chairs) of other public companies, which we believe provides them with additional board leadership and governance experience, exposure to best practices, and substantial knowledge and skills that further enhance the functioning of our Board. In addition, Messrs. Forese, Lange and Stamatakis and Dr. Vahaviolos have been on our Board for over ten years and have a wealth of knowledge about our business, industry and corporate culture that provides great value to the functioning and decision-making of the Board.

We believe that each nominee for election as director will be able to serve if elected. If any nominee is not able to serve, proxies will be voted in favor of the remainder of those nominated and may be voted for substitute nominees, unless the Board chooses to reduce the number of directors serving on the Board.

AUDIT COMMITTEE REPORT

The Audit Committee reports to and acts on behalf of the Board of Directors of Mistras Group, Inc. (the "Company") by providing oversight of the financial reporting process, accounting policies and procedures and the system of internal controls of the Company. The Company's management is responsible for preparing the Company's consolidated financial statements and designing and monitoring a system of internal controls. The Company's independent registered public accounting firm, KPMG LLP ("KPMG"), is responsible for performing an independent, integrated audit of the Company's consolidated financial statements and internal control over financial reporting, and expressing its opinion on the Company's consolidated financial statements and the effectiveness of the Company's internal control over financial reporting, based upon its audit. These meetings also included private sessions with the internal auditors, KPMG, the Chief Executive Officer, the Chief Financial Officer and other members of management at Audit Committee meetings and such other times as the Audit Committee deemed appropriate. Management represented to the Audit Committee that the Company's consolidated financial statements as of and for the year ended December 31, 2017 were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee has reviewed and discussed the consolidated financial statements with management, the Company's internal auditors and KPMG. The Audit

Committee also discussed with the Company's internal auditors and KPMG the overall scope and plans for their respective audits, their evaluation of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting process.

In addition, KPMG provided to the Audit Committee the written disclosures required by the applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence, and the Audit Committee and KPMG have discussed KPMG's independence from the Company and its management, including the matters in those written disclosures. Additionally, the Audit Committee considered the non-audit services provided by KPMG and the fees and costs billed and expected to be billed by KPMG for those services and concluded that the provision of these services by KPMG is compatible with maintaining KPMG's independence.

Based upon these reviews and discussions with management and KPMG, the Audit Committee recommended to the Board of Directors, and the Board has approved, the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the Securities and Exchange Commission.

The Board is asking our shareholders to cast an advisory vote on the compensation paid to our named executive officers as set forth in the Summary Compensation Table and other compensation tables and narratives under the “Executive Compensation” section of this proxy statement and as described in the “Compensation Discussion and Analysis” section of this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Our executive compensation programs and policies have been developed to link incentive compensation to Company performance and increases in shareholder value and pay amounts that are reasonably competitive, fair and based upon each executive officer's contributions to performance.

In 2017, our compensation programs remained substantially unchanged. We did have changes in the levels of compensation for some of our named executive officers resulting from the promotions of Dennis Bertolotti, previously our President and COO, to the position of President and CEO and Jonathan Wolk, previously our Senior Executive Vice President and CFO, to the position of Senior Executive Vice President and COO, while continuing to act as CFO until our new CFO, Edward Prajzner, joined us on January 5, 2018. Both promotions were effective August 10, 2017, and changes were made to the compensation levels for Mr. Bertolotti and Mr. Wolk, as discussed below. The Compensation Committee kept Dr. Vahaviolos' compensation unchanged for 2017 and adjusted his compensation effective January 1, 2018 to reflect his new role of Executive Chairman.

For 2017, the equity incentive plan was unchanged from transition 2016 and fiscal 2016, other than the targets, as the Compensation Committee believes this plan achieves our overall executive compensation objectives. The Compensation Committee kept the basic structure of the cash bonus plan the same in 2017 as it was in transition 2016 and fiscal 2016, but added a free cash flow metric for 2017 to emphasize the importance of continuing to deliver strong cash flow for shareholders.

Overview and Philosophy

Our executive compensation objectives are to have compensation programs and policies that (1) align individual performance with our operational objectives, (2) attract and retain talent that is needed to be successful and achieve our strategic objectives, and (3) pay for performance. Overall, the objectives of our executive compensation programs are to achieve strategic business objectives that are aimed at growing our business profitably and aligning the long-term interests of our executives and shareholders.

Our current compensation program for our executive officers includes our "named executive officers," who are listed in the Summary Compensation Table below. We have two incentive programs, an annual cash incentive or "bonus plan" and an equity incentive plan or equity plan. The awards for both plans are based primarily on the Company's financial performance, with the bonus plan being a cash program, while the equity plan awards equity interests in the Company. The objective of the bonus plan is to pay executive officers currently in cash based on the Company's and the executives' performance that year. The equity plan offers the opportunity for long-term rewards that will provide incentives for our executive officers to remain with us and enhance the long-term value of the Company for the shareholders.

Role of Compensation Committee

The Compensation Committee is responsible for the executive compensation program design and decision-making process, with input from the Executive Chairman and the CEO. The Compensation Committee annually reviews the performance of the Executive Chairman and the CEO and establishes their compensation. For 2017, both the

Executive Chairman and the President and CEO provided the Compensation Committee with their assessment of the other members of senior management and their recommendations for their compensation. The Compensation Committee consists of three directors who meet the independence requirements of the NYSE (Messrs. Forese, Glanton and Stamatakis).

The Compensation Committee has an active role in overseeing the design and implementation of the two incentive programs. In addition, the Compensation Committee worked closely with senior management to develop a peer group for purposes of benchmarking compensation. The Compensation Committee, from time to time, utilizes the services of an independent compensation consultant, Pay Governance LLC, to review the compensation programs, assist in the development of the incentive plans and review the peer group. Pay Governance was utilized by the Compensation Committee in 2017 to advise the Compensation Committee on the new compensation for Mr. Bertolotti in his role as CEO, Mr. Wolk in his role as COO and Dr. Vahaviolos in his role as Executive Chairman. Pay Governance was retained directly by the Compensation Committee and any services rendered for us were as directed by the Compensation Committee.

Components of Executive Compensation for 2017

The principal components of our current executive compensation program are base salary, the cash bonus plan and the equity incentive plan awards. Although each element of compensation described below is considered separately, our Compensation Committee takes into account the aggregate compensation package for each executive officer in its determination of each individual component of that package. We also provide some benefits, such as car allowances or company vehicles, but these are not a significant portion of our compensation program.

Base salary is a fixed compensation amount paid during the fiscal year. Each named executive officer's base salary is reviewed annually by the Compensation Committee. The Compensation Committee takes into account benchmarking information regarding our executive officers' base salary against an industry peer group and broader database when determining adjustments to executive officers' salaries.

The bonus plan and equity plan for our executive officers are performance based, and are tied to our results as described below. The objective of these plans is to link compensation to our performance. The Compensation Committee believes that our named executive officers should have a meaningful portion of their total compensation opportunity linked to increasing shareholder value through the Company's business strategy of focusing upon growth opportunities and continued improvements in profitability. Reflecting this philosophy, at target levels of awards for the bonus plan and equity plan for 2017, more than 50% of total compensation for all our named executive officers is performance-based, and almost 75% of our CEO's compensation is performance-based.

Under the cash bonus plan, executive officers can earn a percentage of their base salary based upon our performance against specific metrics. The equity plan provides executive officers with the opportunity to earn restricted stock units ("RSUs") based on our performance against specific metrics. The metrics are given different weightings, and executive officers earn their awards based upon our performance relative to the specific metrics. In addition, each metric has a minimum threshold, below which no cash bonus or RSUs can be earned for that metric.

Each executive has a target award potential he or she can earn under each program expressed as a percentage of the executive's base salary. If the performance for a specific metric is at the target level, the executive will receive 100% of his or her target award related to that metric. Each executive officer can earn between 0% and 200% of his or her target award, based upon performance against specific metrics.

The following are the 2017 target awards for our named executive officers under each program:

Name	2017 Position	Percentage of Base Salary	
		Bonus Plan	Equity Plan
Sotirios J. Vahaviolos	Chairman and CEO to August 9; Executive Chairman August 10 to December 31	85%	200%
Dennis Bertolotti (1)	President and Chief Operating Officer to August 9 President and CEO August 10 to December 31	70% 100%	130% 200%
Jonathan H. Wolk (2)	Senior Executive Vice President, CFO to August 9 Senior Executive Vice President, COO and CFO August 10 to December 31	65% 80%	110% 125%
Michael J. Lange	Vice Chairman and Senior Executive Vice President, Strategic Planning and Business Development	65%	110%
Michael C. Keefe	Executive Vice President, General Counsel and Secretary	50%	80%

(1) Effective August 10, 2017, the target for Mr. Bertolotti's annual cash bonus was increased from 70% to 100% of his base salary and his target under the equity incentive plan was increased from 130% to 200% of his base salary. These changes result from the promotion of Mr. Bertolotti to the position of CEO.

(2) Effective August 10, 2017, the target for Mr. Wolk's annual cash bonus was increased from 65% to 80% of his base salary and his target under the equity incentive plan was increased from 110% to 125% of his base salary. These changes resulted from the promotion of Mr. Wolk to the position of COO.

Bonus Plan

For 2017, performance metrics for the bonus plan were as follows:

- *Adjusted EBITDAS*: net income before interest, taxes, depreciation, amortization, non-cash stock-based compensation expense, acquisition related items, and other unusual and/or nonrecurring expenses
- *Revenue*
- *EBITDAS Margin*: Adjusted EBITDAS as a percent of revenue
- *Free cash flow*: cash flow from operating activities, less cash used for purchases of property, plant and equipment and intangible assets

These metrics account for 80% of the total award opportunity and the targets for these metrics were established at the beginning of 2017 based upon the Company's internal plan and budget. These metrics were selected for the bonus plan because these are the primary metrics management and the Board use to evaluate the Company's performance. The remaining 20% of the award potential for all executive officers is based upon the individual executive officer's performance.

A minimum of 90% of the target performance level of a metric must be achieved for an executive officer to receive any award for that metric. At 90% of the target performance level, the executive officer will receive 50% of his target award related to that metric. If performance is between 90% and 100% of the target performance level for a metric, the executive officer will receive a percentage of his target award for that metric based upon a straight-line interpolation between 50% and 100%, with each 1% increase in performance against target above the 90% performance level equating to a 5% increase in percentage of target award. If the performance for a specific metric exceeds 100% of the target performance level, the executive officer will receive more than 100% of his target award related to that metric, to a maximum of 200% of his target award if the performance for the metric equals or exceeds 120% of the target performance level. If performance is between 100% and 120% of target performance level for a metric, the executive officer will receive a percentage of his target award for that metric based upon a straight-line interpolation between 100% and 200%, with each 1% increase in performance against target above the 100% level

equating to a 5% increase in percentage of target award. The Compensation Committee determines the individual performance portion of the bonus plan award for the Executive Chairman and CEO. The Executive Chairman, the CEO and the Compensation Committee determine the individual performance portion of the bonus plan awards for the other executive officers.

Equity Plan

For 2017, the performance metrics for equity plan were as follows:

- *Operating income*
- *Adjusted EBITDAS* (measured in the same manner as the bonus plan)
- *Revenue*

These metrics accounting for 80% of the total award opportunity and the targets for these metrics were established at the beginning of 2017 based upon the Company's internal plan and budget. These metrics were selected for the equity plan because these are the primary metrics management and the Board use to evaluate the Company's performance. The remaining 20% of the award potential is based upon the individual executive officer's performance.

Under the equity plan, if the performance for a specific metric is at target level, the executive will receive 100% of his target award related to that metric. Each executive officer can earn between 0% and 200% of his target award, based upon performance. A minimum of 80% of the target performance level of a metric must be achieved for an executive officer to receive any award for that metric. At 80% of performance level, the executive officer will receive 50% of his target award related to that metric. If performance is between 80% and 100% of target for a metric, the executive officer will receive a percentage of his target award for that metric based upon a straight-line interpolation between 50% and 100%, with each 1% increase in performance against target above the 80% level equating to a 2.5% increase in the percentage of target award. If the performance for a specific metric exceeds 100% of the target level, the executive officer will receive more than 100% of his target award related to that metric, to a maximum of 200% of his target award if the performance for the metric equals or exceeds 120% of target. If performance is between 100% and 120% of target performance for a metric, the executive officer will receive a percentage of his target award for that metric based upon a straight-line interpolation between 100% and 200%, with each 1% increase in performance against target above the 100% level equating to a 5% increase in the percentage of target award. The Compensation Committee determines the individual performance portion of the award for the Executive Chairman and the CEO. The Executive Chairman, the CEO and the Compensation Committee determine the individual performance portion of the awards for the other executive officers.

The equity plan target award for each executive officer was established in RSUs based upon the stock price in March 2017 after we released results for the transition period 2016. At the end of the year, an executive officer will be awarded RSUs based upon our performance against the metrics and the executive officer's individual performance, which is then applied to the executive officer's target award of RSUs. For example, if an executive officer has a target award of 10,000 RSUs and the Company and individual performance results in the executive officer achieving 115% of target award, that executive officer would be awarded 11,500 RSUs. The RSUs an executive officer receives will vest 25% per year, the first 25% being on the anniversary of the date on which the earned award is deemed final (the date of filing our Form 10-K for the fiscal year), and the last three on each of the second, third and fourth one-year anniversary dates of end of the year for which the RSUs were earned.

Benchmarking and the Role of Compensation Consultant

To assist in the assessment of the appropriateness and competitiveness of our compensation programs, management and the Compensation Committee, with the assistance of Pay Governance, developed a peer group. In deciding the companies to include in the compensation peer group, management and the Compensation Committee focused on companies that are involved in or related to the asset protection industry or industrial business services, and primarily selected firms that were generally in the range of 50% to 200% of our size with respect to revenues and/or market capitalization.

The compensation peer group consists of the following companies:

Aegion Corporation	Badger Meter Inc.
Circor International, Inc.	Exponent Inc.
Matrix Service Company	Team, Inc.

The Compensation Committee uses the peer group to assess the competitiveness of our compensation programs and the various components and to assist the Compensation Committee in making compensation decisions. The Compensation Committee considers base salaries, target award levels, total cash compensation (base salary and cash bonus awards), long-term equity compensation, and total compensation in this assessment.

As mentioned above, the Compensation Committee utilized Pay Governance in 2017 to advise on the compensation for the new roles of Dr. Vahaviolos, Mr. Bertolotti and Mr. Wolk. Pay Governance does not perform any work for our management and is retained only by the Compensation Committee.

2017 Compensation

The following is a discussion of the decisions made on the various components of executive compensation for 2017 for our named executive officers.

Base Salary

Executive officers are reviewed and provided with salary adjustments, if any, after the conclusion of the fiscal period. This enables the Compensation Committee to make decisions after reviewing our financial performance during the then just completed fiscal year and evaluating the executive officers' performance during that period. Our executive officers' annual salaries at the commencement of 2017 were \$504,400 for Sotirios Vahaviolos; \$368,000 for Jonathan Wolk; \$380,000 for Dennis Bertolotti; \$345,000 for Michael Lange; and \$283,000 for Michael Keefe, which were the same as in transition 2016, as no increases were made to base salaries for our executive officers due to the industry conditions. The Compensation Committee approved increases in the base salaries for Dennis Bertolotti and Jonathan Wolk to reflect their new roles as CEO and COO, respectively. Mr. Bertolotti's base salary was increased to \$475,000 and Mr. Wolk's salary was increased to \$413,000, both effective August 10, 2017. The Summary Compensation Table on page 27 reflects the impact of the compensation increases.

Bonus Plan and Equity Plan Results

With respect to the bonus plan, the Company achieved above target levels for revenue and free cash flow so the payouts for these metrics were above target. Adjusted EDITDAS and EBITDAS margin were below target and below the minimum threshold, therefore no payout was earned with respect to those two metrics. Accordingly, all our named executive officers earned less than 100% of their target bonus. Set forth below for the annual bonus plan are the performance metrics, the weight of each metric, the target performance for the metric and the 2017 results for the respective metric.

Cash Bonus Plan			
Metric	Weight	Target	Result
Revenue	20%	\$685	\$701
Adjusted EBITDAS	20%	\$75	\$63.5
EBITDAS Margin	20%	10.9%	9.1%
Free Cash Flow	20%	\$30	\$34.7

(All dollar amounts in millions)

Similarly, we performed above target for revenue but below target on the other two metrics (Adjusted EBITDAS and operating income) for the equity plan and therefore all our named executive officers earned less than 100% of their target RSU awards. We were above the threshold of 80% of adjusted EBITDAS, therefore some payout was earned for that metric, but we performed below the minimum threshold for operating income so no payout was earned for that metric. Set forth in the following table are the metrics for the equity plan, the weight of each metric, the target performance for the metric and the 2017 results for the respective metric.

Equity Incentive Plan			
Metric	Weight	Target	Result
Revenue	20%	\$685	\$701
Adjusted EBITDAS	25%	\$75	\$63.5
Operating Income (1)	35%	\$36	\$25

(All dollar amounts in millions)

- (1) Operating income was adjusted for this purpose to add back non-cash goodwill and long-lived asset impairment charges.

The following are the target awards for each named executive officer for the bonus plan and the equity plan and his actual awards earned under each plan based upon 2017 results. Each named executive officer received 75% of his target award for the individual performance under both the annual bonus plan and the equity plan. The Compensation Committee decided on awards below target because the Company's performance was below target, but determined that some level of awards was warranted because the Company was still profitable in a very difficult market.

Name	Annual Bonus plan (\$)			Equity Plan (RSUs) (#)		
	Target	Actual Award	Actual as a % of target	Target	Actual	Actual as a % of target
Sotirios Vahaviolos	\$428,740	\$312,991	73%	49,695	25,635	51.6%
Dennis Bertolotti	\$347,858	\$253,945	73%	24,335	12,553	51.6%
Jonathan Wolk	\$274,920	\$200,698	73%	19,941	10,286	51.6%
Michael Lange	\$224,250	\$163,708	73%	18,695	9,644	51.6%
Michael Keefe	\$141,500	\$103,298	73%	11,153	5,753	51.6%

In March 2018, the Compensation Committee awarded Mr. Bertolotti and Mr. Wolk additional equity awards. Mr. Bertolotti received 4,744 RSUs to compensate him at approximately 51.6% of the target RSUs for his increased base salary and target award level increase that became effective August 10, 2017, and an award of 5,000 RSUs for his promotion to CEO. Mr. Wolk received 1,160 RSUs to compensate him at approximately 51.6% of the target RSUs for his increased base salary and target award level increase that became effective August 10, 2017, and an award of 2,500 RSUs for his promotion to COO.

Actions for 2018

For 2018, the Compensation Committee has retained the same equity plan for incentive compensation as was used in 2017. For the annual bonus plan, the Compensation Committee is eliminating the EBITDAS Margin metric, as this overlaps the Adjusted EBITDAS metrics, but the plan is otherwise the same. Dr. Vahaviolos' base salary has been reduced to \$425,000 effective January 1, 2018 to reflect his new role of Executive Chairman. Beginning in 2018, Dr. Vahaviolos' annual cash bonus target is 75% of his base salary and he will no longer be participating in the equity incentive plan.

Overall Compensation for 2017 Performance

The Compensation Committee reviews compensation awarded to our executive officers based on compensation and awards related to a particular fiscal period, and our performance for that period. Due to the SEC disclosure rules for the Summary Compensation Table under "Executive Compensation," the compensation set forth in that table for a particular year does not necessarily align with the actual compensation related to that year. For example, the amounts shown in the summary compensation table under stock awards for transition 2016 report the grant date value when the target award RSUs are established early in the fiscal period, based on accounting and SEC rules. However, the actual awards for transition 2016 were much less because (a) the target awards were pro-rated for a seven-month period, and (b) the awards were further reduced below the pro-rated target based upon Company performance. In addition, performance share units, or PSUs, granted in October 2014 for the period of fiscal 2015 to 2017 pertain to and are earned based upon performance from 2015 to 2017. However, the Summary Compensation Table includes the entire value of these grants in fiscal 2015 based upon the value used for stock compensation accounting under FASB ASC Topic 718, as required by the SEC rules for summary compensation table disclosure, although no amounts were earned for these grants. Accordingly, the Compensation Committee will consider awards based on the period or

periods for which the named executive officer is being compensated, which may not align with the summary compensation disclosures.

Role of Executive Officers in Setting Compensation

Dr. Vahaviolos plays a role in setting compensation for executive officers, as has been the case historically since he founded the Company close to 40 years ago. Dr. Vahaviolos has been operating in the NDT and asset protection industry for almost 40 years and possesses a detailed and in-depth knowledge of the industry and our competitors, which enables him to assess the performance of our executive officers as compared to our competitors. In 2017, Dr. Vahaviolos continued to play a role in making recommendations to the Compensation Committee regarding our other executive officers and the level of overall equity awards, but his recommendations are subject to the Compensation Committee's independent review and approval. We expect this practice will continue in the future, as the Compensation Committee values Dr. Vahaviolos' input and guidance regarding compensation for other executive officers. The Compensation Committee will also be seeking the input of Mr. Bertolotti regarding the compensation of other executive officers.

Impact of Tax Treatment

The Company and the Compensation Committee consider tax, tax deductibility and accounting treatment of various compensation alternatives, and strive to structure all compensation to be fully tax deductible. However, these are not the driving or most influential factors. The Compensation Committee may approve non-deductible compensation arrangements if it believes they are in our best interests and those of our shareholders, taking into account several factors, including our ability to utilize deductions based on projected taxable income.

Employment Agreements and Severance Arrangements

We have an employment agreement with Dr. Vahaviolos for the position of Executive Chairman and with Mr. Bertolotti for the positions of President and CEO. Dr. Vahaviolos and the Company entered into his employment agreement February 28, 2018 with an effective date of August 10, 2017. That agreement is currently in its initial term which expires September 1, 2020, and then will automatically renew for successive one-year periods in the absence of an election by either party to terminate. Dr. Vahaviolos' employment agreement is described further under "Employment Agreements" on page 33 and under the subheading "Sotirios Vahaviolos" under "Potential Payments upon Termination of Employment or Change of Control" on page 31. Mr. Bertolotti and the Company entered into his employment agreement March 13, 2018 with an effective date of August 10, 2017. Mr. Bertolotti's agreement will continue until terminated by either party as provided in the agreement. Mr. Bertolotti's employment agreement is described further under "Employment Agreements" on page 35 and under the subheading "Dennis Bertolotti" under "Potential Payments upon Termination of Employment or Change of Control" on page 32.

We established a severance plan for our other named executive officers that is explained in "Potential Payments upon Termination of Employment" under the subheading "Our Other Named Executive Officers." on page 33.

Compensation Policies

Stock Ownership Guidelines

The Compensation Committee and Board have established stock ownership guidelines for our executive officers. Our CEO is required to hold shares of our common stock with a value of at least five times his annual base salary and all other executive officers are required to hold shares of our common stock with a value of at least two times their annual base salary. Future executive officers will have five years from their appointment to meet the guidelines. Unexercised options and unearned performance shares or performance RSUs are not counted toward meeting the guidelines until earned. If an executive officer is not meeting the minimum ownership guidelines (even if before the date he must meet them), the executive officer is required to hold all shares received from the vesting or exercise of an equity award during the preceding 36 months (other than shares withheld to pay withholding taxes and shares acquired upon the exercise of options which are sold to cover the exercise price) until the guidelines are met.

Claw-Back Policy

We have established an incentive compensation recoupment policy, pursuant to which we may recoup both cash and equity incentive compensation from executive officers. If we have a significant restatement of previously issued financial statements caused by the fraud or willful misconduct of one or more of our executive officers (such executive officers shall be referred to as “culpable officers”), as determined by the Compensation Committee in its reasonable judgment after consultation with the Audit Committee, and the culpable officers received incentive compensation based upon the results of the financial statements which are subject to the significant restatement, the policy provides for the following.

The Compensation Committee shall recalculate the incentive compensation for the period or periods related to the restated financial statements that the culpable officers should have received, based upon the restated financial statements. If the incentive compensation the culpable officers received is greater than the recalculated amount of incentive compensation as determined by the Compensation Committee, then the Compensation Committee shall seek to recoup from the culpable officers such excess incentive compensation. The Compensation Committee shall determine the manner and timing by which we will seek recovery from the culpable officers, including the cancellation of equity awards and setoff against current or future compensation, to the extent permitted by law.

Hedging Prohibitions

Our Insider Trading Compliance Policy prohibits all our employees, including our executive officers and directors, from (i) trading in options of any kind or other derivatives related to our securities, (ii) selling our securities short or (iii) purchasing our securities on margin.

Continuing Review of Compensation Practices

We will continue to review our compensation practices and programs and will consider changes as the Compensation Committee deems appropriate to meet our compensation goals. No material changes are planned for 2018.

Risk Assessment of Compensation Practices and Programs

Our Compensation Committee and senior management assessed whether our compensation practices and programs for our executive officers and other employees pose any material risk to us and determined that our compensation practices and programs are not reasonably likely to have a material adverse effect on us.

- (1) This column represents the value of RSUs, PSUs or performance based RSUs based upon their grant date fair value for stock compensation under FASB ASC Topic 718.
- (2) The amounts in this column represent the cash payments under the annual incentive program made to each named executive officer after the conclusion of the fiscal period, based upon the Company’s performance against financial metrics and the individual performance of the named executive officer during the fiscal period.
- (3) For All Other Compensation in 2017, no named executive officer received any perquisite or personal benefit which individually exceeded \$25,000 and generally consisted of vehicle allowance or usage, group life insurance and Company matching of 401-(k) plan contributions.

Note on this table: The amounts in this table, particularly in the column “Stock Awards,” may not reflect the value of equity awards actually earned, due to the SEC rules for this column and accounting rules. In addition, the target amounts for TP 2016 were reduced proportionately to account for the seven-month transition period, but that reduction is not reflected in the “Stock Awards” column of this table. See “Overall Compensation for 2017 Performance” on page 24.

Pension Benefits and Non-Qualified Deferred Compensation

We do not currently provide our named executive officers with pension benefits or nonqualified deferred compensation.

Pay Ratio of CEO

We prepared a determination of the median total compensation of all employees for 2017 to determine the ratio of the total compensation for 2017 of the median employee to the total compensation of our CEO for 2017. The date we used to identify the median employee was December 31, 2017. We used employees from all countries worldwide for determining the median employee, except five countries we excluded under the *de minimis* exemption.

The following table illustrates the approximate number of employees as of December 31, 2017 we had in the U.S., in countries outside the U.S. and in each of the countries we excluded under the *de minimis* exemption.

Jurisdiction	Number of Employees as 12/31/2017
Total U.S. Employees	3,590
Total Non-U.S. Employees	2,390
Total Worldwide Employees used for <i>de minimis</i> exemption calculation	5,980
<i>Excluded Jurisdictions</i>	
Belgium	20
Brazil	140
Greece	30
India	10
The Netherlands	60
Total Excluded Employees	260
Percentage of Worldwide Employees excluded under <i>de minimis</i> exemption	4.3%

To identify the median employee, we used the payroll records for determining the total pay in 2017 for all employees in all jurisdictions, except for (a) the five excluded countries listed above and (b) approximately 90 employees of West Penn Non-Destructive Testing, LLC, a U.S. business we acquired in December 2017. We annualized the pay for employees hired during the year. For each jurisdiction using a currency other than U.S. dollars, we used the same exchange rates used during 2017 to prepare our consolidated results of operations. We did not use any cost of living or other adjustments. We have prepared the ratio for Dennis Bertolotti, as he was our CEO on December 31, 2017, the date we used to identify the median employee.

- | | |
|--|-------------|
| (a) Median of the annual total compensation
of all our employees, other than the CEO: | \$60,305 |
| (b) Annual total compensation of our CEO: | \$1,184,853 |
| (c) Ratio of (a) above to (b) above: | 1 to 20 |

Potential Payments upon Termination of Employment or Change of Control

We have employment agreements for Dr. Vahaviolos and Mr. Bertolotti and a severance plan that covers our other executive officers, providing them with benefits in connection with a termination of employment in certain circumstances. These arrangements are designed to provide some level of continued income and benefits upon the termination of employment with the Company under certain circumstances or, in certain cases, upon a change of control.

The following summarizes the payments and benefits that would be owed by us to the named executive officers under the circumstances described below, in each case assuming the event occurred on December 31, 2017.

Sotirios Vahaviolos

<u>Event</u>	<u>Salary</u>	<u>Incentive Bonus (1)</u>	<u>Unvested Equity Awards (2)</u>	<u>Healthcare and Other Benefits</u>	<u>Total</u>
Termination of employment by Company without cause/termination by Dr. Vahaviolos for good reason, with no change in control	\$756,600	\$643,110	\$2,791,381	\$65,288	\$4,256,389
Change of control and termination of employment by Company without cause/termination by Dr. Vahaviolos for good reason	\$1,008,800	\$857,480	\$3,356,069	\$65,298	\$5,287,647
Change of control			\$3,356,069		\$3,356,069
Termination of employment due to disability or death	\$252,200	–	\$2,791,381	\$22,988	\$3,066,569

- (1) Dr. Vahaviolos is entitled to 1-1/2 times (two times in case of change in control) of the greater of (a) bonus at 85% of salary or (b) current year's bonus in case of termination by (i) the Company without cause or (ii) Dr. Vahaviolos for good reason. This amount does not include the amounts under the column Non-Equity Incentive Plan Compensation in the Summary Compensation Table, which would be paid to Dr. Vahaviolos as well.
- (2) Dr. Vahaviolos' RSUs vest upon the termination of his employment for any of the events listed above or if a change of control occurs. Performance RSUs will be deemed earned and vested (i) based upon performance for the year if employment is terminated without a change in control or (ii) at target if a change in control occurs. At December 31, 2017, Dr. Vahaviolos had (a) 93,299 unvested RSUs and (b) 49,695 performance-based RSUs at target for 2017, of which 25,635 were earned. The closing price of our common stock on December 29, 2017 was \$23.47 per share.

Termination without cause occurs if Dr. Vahaviolos is terminated for any reason other than: (1) a conviction of or a nolo contendere (uncontested) plea to a felony or an indictment for a felony against Mistras that has a material adverse effect on the Company's business; (2) fraud or material act or omission involving dishonesty with respect to the Company; (3) willful failure or refusal to carry out material employment responsibilities; or (4) willful engagement in any act or omission that is in violation of a material Company policy, in each case subject to a 30 day cure period if the act or omission is curable by Dr. Vahaviolos. If Dr. Vahaviolos has previously been afforded the opportunity to cure a particular behavior and successfully cured the behavior, the Board will have no obligation to provide Dr. Vahaviolos with notice and an opportunity to cure a recurrence of that behavior prior to a termination for cause.

Dr. Vahaviolos may terminate his employment for good reason as follows: (1) a material adverse change in his status or position, including a material reduction in his duties, responsibilities or authority, or the assignment to him of duties or responsibilities that are materially inconsistent with his status or position as Executive Chairman; (2) a material reduction in his base salary; (3) a material reduction in his short-term target incentive award opportunity during a calendar year; (4) a breach by the Company of any of its material obligations under the employment agreement; or (5) in connection with a change in control, a failure by the successor or acquiring company to assume the Company's obligations under his employment agreement.

Termination in connection with a change in control occurs if Dr. Vahaviolos' employment is terminated without cause at the request of an acquirer or otherwise in contemplation of a change in control in the period beginning six months prior to the date of a change in control, or his employment is terminated by the Company without cause or he terminates his employment for good reason within two years after a change in control.

This amount does not include the amounts under the column Non-Equity Incentive Plan Compensation in the Summary Compensation Table, which would be paid to Mr. Bertolotti as well.
- (2) Mr. Bertolotti's RSUs vest upon the termination of his employment for any of the events listed above or upon a change of control. Performance RSUs will be deemed earned and vested (i) based upon performance for the year if employment is terminated without a change in control or (ii) at target if a change in control occurs. At December 31, 2017 Mr. Bertolotti had (a) 55,455 unvested RSUs and (b) 33,133 performance-based RSUs at target for 2017, of which 17,297 were earned. The closing price of our common stock on December 29, 2017 was \$23.47 per share.

Termination without cause occurs if Mr. Bertolotti is terminated for any reason other than: (1) a conviction of or a nolo contendere (uncontested) plea to a felony or is indictment for a felony against Mistras that has a material adverse effect on the Company's business; (2) fraud or material act or omission involving dishonesty with respect to the Company; (3) willful failure or refusal to carry out material employment responsibilities; or (4) willful engagement in any act or omission that is in violation of a material Company policy, in each case subject to a 30 day cure period if the act or omission is curable by Mr. Bertolotti. If Mr. Bertolotti has previously been afforded the opportunity to cure a particular behavior and successfully cured the behavior, the Board will have no obligation to provide Mr. Bertolotti with notice and an opportunity to cure a recurrence of that behavior prior to a termination for cause.

Mr. Bertolotti may terminate his employment for good reason as follows: (1) a material adverse change in his status or position, including a material reduction in his duties, responsibilities or authority, or the assignment to him of duties or responsibilities that are materially inconsistent with his status or position as President and CEO; (2) a material reduction in his base salary; (3) a material reduction in his short-term target incentive award opportunity during a calendar year; (4) a breach by the Company of any of its material obligations under the employment agreement; (5) a relocation of his principal place of employment by more than 50 miles for the then current location; or (6) in connection with a change in control, a failure by the successor or acquiring company to assume the Company's obligations under his employment agreement.

Termination in connection with a change in control occurs if Mr. Bertolotti's employment is terminated without cause at the request of an acquirer or otherwise in contemplation of a change in control in the period beginning six months prior to the date of a change in control, or his employment is terminated by the Company without cause or he terminates his employment for good reason within two years after a change in control.

Our Other Named Executive Officers

Under the severance plan, if an executive officer's employment is terminated, the executive officer would receive the following:

- If an executive officer's employment is terminated by the Company without cause or he terminates employment for good reason in a situation not involving a change in control, the executive officer will receive 12 months of base salary plus a pro rata portion of the annual cash bonus for the year in which employment is terminated.
- If the executive officer's employment is terminated by the Company without cause or he terminates employment for good reason, in either case within 6 months before or 2 years after a change in control, he will receive 18 months of base salary plus 1-1/2 times his annual cash bonus at the executive officer's target bonus opportunity.

If an executive officer's employment is terminated by the Company without cause or the executive officer terminates employment for good reason, not in connection with a change in control, then while he is receiving the termination payment (so long as he is complying with the confidentiality requirements and the non-compete and non-solicitation restrictions which are conditions for severance benefits), all options and RSUs will continue to vest. Any outstanding performance-based awards will be earned and vested pro rata to the date of termination and the amount of any awards payable or vesting will be determined based on actual performance. Any vested stock options shall expire 90 days after the end of the severance period.

If an executive officer's employment is terminated by the Company without cause or he terminates employment for good reason within 6 months before or 2 years after a change in control, all equity-based incentive awards granted to the executive officer which were not paid out or fully vested in connection with the change in control shall become fully vested immediately, with the payout under any performance-based awards being equal to the target amount.

The following sets forth the severance payments we would pay to our other named executive officers if their employment was terminated at the conclusion of 2017 by us without cause or by the executive officer for good reason. Under the severance policy, the terms termination "without cause" and "for good reason" are substantially the same as described above for Mr. Bertolotti.

(2) Includes 2017 performance based RSUs earned based upon actual performance.

Employment Agreements

Vahaviolos Employment Agreement

We entered into an employment agreement with Dr. Vahaviolos on February 28, 2018 for the position of Executive Chairman of the Board, with an effective date of August 10, 2017. The agreement will continue until September 1, 2020, and thereafter shall continue for successive one-year periods unless either party gives 90 days prior notice of non-renewal. The agreement changes Dr. Vahaviolos' compensation effective January 1, 2018, at which time his

annual base salary became \$425,000 and his target for the annual cash incentive program became 75% of his base salary. The agreement does not provide for participation by Dr. Vahaviolos in any equity incentive programs of the Company.

Under the employment agreement, Dr. Vahaviolos may be entitled to receive payments and other benefits upon the termination of his employment. Dr. Vahaviolos is entitled to 1-1/2 times (two times in case of change in control) of his base salary plus his target bonus in case of termination by (i) the Company without cause or (ii) Dr. Vahaviolos for good reason. In those cases, Dr. Vahaviolos (a) will also receive a pro rata portion of his bonus for the year in which his employment is terminated, and (b) will be deemed to have satisfied in full any service-based vesting conditions under any then outstanding long-term incentive awards.

All outstanding equity-based incentive awards granted to Dr. Vahaviolos shall become fully vested immediately before the occurrence of a change in control if (a) Dr. Vahaviolos is then still employed by or in the service of the Company, or (b) within six months preceding the change in control, Dr. Vahaviolos' employment is terminated by the Company without cause or by him for good reason, with the payout under any performance-based award being equal to the target amount.

Termination in connection with a change in control occurs if Dr. Vahaviolos' employment is terminated without cause at the request of an acquirer or otherwise in contemplation of a change in control in the period beginning six months prior to the date of a change in control, or his employment is terminated by the Company without cause or he terminates his employment for good reason within two years after a change in control.

Termination without cause occurs if Dr. Vahaviolos is terminated for any reason other than: (1) a conviction of or a nolo contendere (uncontested) plea to a felony or an indictment for a felony against Mistras that has a material adverse effect on the Company's business; (2) fraud or material act or omission involving dishonesty with respect to the Company; (3) willful failure or refusal to carry out material employment responsibilities; or (4) willful engagement in any act or omission that is in violation of a material Company policy, in each case subject to a 30 day cure period if the act or omission is curable by Dr. Vahaviolos. If Dr. Vahaviolos has previously been afforded the opportunity to cure a particular behavior and successfully cured the behavior, the Board will have no obligation to provide Dr. Vahaviolos with notice and an opportunity to cure a recurrence of that behavior prior to a termination for cause.

Dr. Vahaviolos may terminate his employment for good reason as follows: (1) a material adverse change in his status or position, including a material reduction in his duties, responsibilities or authority, or the assignment to him of duties or responsibilities that are materially inconsistent with his status or position as Executive Chairman; (2) a material reduction in his base salary; (3) a material reduction in his short-term target incentive award opportunity during a calendar year; (4) a breach by the Company of any of its material obligations under the employment agreement; or (5) in connection with a change in control, a failure by the successor or acquiring company to assume the Company's obligations under his employment agreement.

If any payment or benefit (including payments and benefits pursuant to this Agreement) that Dr. Vahaviolos would receive in connection with a change in control from the Company or otherwise ("Transaction Payment") would (i) constitute a "parachute payment" within the meaning of Section 280G of the Internal Revenue Code (the "Code"), and (ii) the net after-tax benefit that Dr. Vahaviolos would receive by reducing the Transaction Payments to three times the "base amount," as defined in Section 280G(b)(3) of the Code, (the "Parachute Threshold") is greater than the net after-tax benefits Dr. Vahaviolos would receive if the full amount of the Transaction Payments were paid to Dr. Vahaviolos, then the Transaction Payments payable to Dr. Vahaviolos will be reduced (but not below zero) so that the Transaction Payments due to Dr. Vahaviolos do not exceed the amount of the Parachute Threshold.

The employment agreement imposes restrictive covenants on Dr. Vahaviolos, including non-disclosure, non-competition and non-solicitation covenants. The non-competition covenant expires on the first anniversary of the termination of Dr. Vahaviolos' employment and the non-solicitation covenant expires on the second anniversary. The non-disclosure covenant does not expire. All post-employment payments or benefits under the employment agreement are conditioned on the execution of a general release of claims by Dr. Vahaviolos in favor of the Company, its affiliates, and their officers, directors and employees.

Bertolotti Employment Agreement

We entered into an employment agreement with Dennis Bertolotti on March 13, 2018 for the position of President and Chief Executive Officer, with an effective date of August 10, 2017. The agreement will continue until Mr. Bertolotti's employment is terminated as provided in the agreement. Beginning the effective date, Mr. Bertolotti's annual base salary became \$475,000; his target for the annual cash incentive program became 100% of his base salary; and his target for the equity incentive plan is 200% of his base salary.

Under the employment agreement, Mr. Bertolotti may be entitled to receive payments and other benefits upon the termination of his employment. Mr. Bertolotti is entitled to 1-1/2 times (two times in case of change in control) of his base salary plus his target bonus in case of termination by (i) the Company without cause or (ii) Mr. Bertolotti for good reason. In those cases, Mr. Bertolotti (a) will also receive a pro rata portion of his bonus and equity award for the year in which his employment is terminated, and (b) will be deemed to have satisfied in full any service-based vesting conditions under any then outstanding long-term incentive awards.

All outstanding equity-based incentive awards granted to Mr. Bertolotti shall become fully vested immediately before the occurrence of a change in control if (a) Mr. Bertolotti is then still employed by or in the service of the Company, or (b) within six months preceding the change in control, Mr. Bertolotti's employment is terminated by the Company without cause or by him for good reason, with the payout under any performance-based award being equal to the target amount.

Termination in connection with a change in control occurs if Mr. Bertolotti's employment is terminated without cause at the request of an acquirer or otherwise in contemplation of a change in control in the period beginning six months prior to the date of a change in control, or his employment is terminated by the Company without cause or he terminates his employment for good reason within two years after a change in control.

Termination without cause occurs if Mr. Bertolotti is terminated for any reason other than: (1) a conviction of or a nolo contendere (uncontested) plea to a felony or is indictment for a felony against Mistras that has a material adverse effect on the Company's business; (2) fraud or material act or omission involving dishonesty with respect to the Company; (3) willful failure or refusal to carry out material employment responsibilities; or (4) willful engagement in any act or omission that is in violation of a material Company policy, in each case subject to a 30 day cure period if the act or omission is curable by Mr. Bertolotti. If Mr. Bertolotti has previously been afforded the opportunity to cure a particular behavior and successfully cured the behavior, the Board will have no obligation to provide Mr. Bertolotti with notice and an opportunity to cure a recurrence of that behavior prior to a termination for cause.

Mr. Bertolotti may terminate his employment for good reason as follows: (1) a material adverse change in his status or position, including a material reduction in his duties, responsibilities or authority, or the assignment to him of duties or responsibilities that are materially inconsistent with his status or position as President and CEO; (2) a material reduction in his base salary; (3) a material reduction in his total target incentive award opportunity during a calendar year; (4) a breach by the Company of any of its material obligations under the employment agreement; (5) a relocation of his principal place of employment by more than 50 miles for the then current location; or (6) in connection with a change in control, a failure by the successor or acquiring company to assume the Company's obligations under his employment agreement.

If any payment or benefit (including payments and benefits pursuant to this Agreement) that Mr. Bertolotti would receive in connection with a change in control from the Company or otherwise ("Transaction Payment") would (i) constitute a "parachute payment" within the meaning of Section 280G of the Internal Revenue Code (the "Code"), and (ii) the net after-tax benefit that Mr. Bertolotti would receive by reducing the Transaction Payments to three times the "base amount," as defined in Section 280G(b)(3) of the Code, (the "Parachute Threshold") is greater than the net after-tax benefits Mr. Bertolotti would receive if the full amount of the Transaction Payments were paid to Mr. Bertolotti, then the Transaction Payments payable to Mr. Bertolotti will be reduced (but not below zero) so that the Transaction Payments due to Mr. Bertolotti do not exceed the amount of the Parachute Threshold.

The employment requires that Mr. Bertolotti comply with the restrictive covenants in the agreement, including non-disclosure, non-competition and non-solicitation covenants. The non-competition covenant expires on the first anniversary of the termination of Mr. Bertolotti's employment and the non-solicitation covenant expires on the

second anniversary. The non-disclosure covenant does not expire. All post-employment payments or benefits under the employment agreement are conditioned on the execution of a general release of claims by Mr. Bertolotti in favor of the Company, its affiliates, and their officers, directors and employees.
